## Let the Little Children Come

Wednesday, February 4, Meadowlane Primary held their first Dove Bible Club meeting of the year. Fifty-five new students joined us!!! Returning students wanted the honor of leading the newcomers to our meeting spot. The meeting was filled with excitement and energy as the children had fun and learned about Zacchaeus. Many of the students prayed a simple prayer asking Jesus to forgive them of their sins and to be their Savior. That's what Dove Bible Club is all about!!

**Does It Really Matter?**

Michele McCarthy

I am a coordinator and volunteer with Dove Bible Club. I had a rough week. I am battling a serious disease, and my health was suffering greatly. I was potentially going to the the hospital. But God was telling me that I would go to Dove Bible Club. Really, Lord? Is Dove Bible Club that important? Jesus provided the miracle that allowed me to attend the meeting. One day later, I met a woman at the beach. We started talking, and I told her about Dove Bible Club. She asked about it and told me her story. Her parents were not believers. When she was in Kindergarten, she attended an after-school Bible program!!! She still remembers praying with her teacher and accepting Jesus as her Savior! She said that even though she was "born again" at age 19, she knows the "seed" was planted during her club. The Holy Spirit came to dwell in her when she prayed that prayer. She said she knows He helped guide her throughout her childhood and protected her many times. WOW! I was so blessed by our conversation. The Lord knew I needed to hear that! And, maybe you do too!!! Dove Bible Club does matter to Jesus!
